

Clarinet

Recommended brands and model number

DO NOT PURCHASE ONLINE OR USED INSTRUMENTS WITHOUT SPEAKING TO A BAND DIRECTOR FIRST!

Buffet EII, YCL450, Selmer with a Vandoren 5RV Lyre or M13 Lyre mouthpiece and Bonade inverted ligature.

Required

- ❑ **Mouthpiece and Ligature:** 5RV Lyre or M13 Lyre mouthpiece. If used, please make sure there are no scratches, cracks, chips, inside or around the mouthpiece. Ligature is the Bonade inverted model.
- ❑ **Reeds:** We recommend the **Vandoren blue box strength #3**. The numbers are the strength (thickness) and are VERY important, as are the brands. If a music store does not have the brand and strength you need, please check another, or go online for reeds. We also recommend you buy reeds by the box. You will save money that way.
- ❑ **Metronome/Tuner:** Korg TM-60 or anything comparable to it with mic attachment.
- ❑ **Book:** Standard of Excellence Book 1 for B-flat clarinet.
- ❑ **Classroom supplies:** Mechanical pencil, three-ring binder (1-inch, your favorite color), ruled notebook paper.
- ❑ **Accessories:** folding music stand (some call this a “wire” stand), reed case (holds 4 reeds), cleaning silk swab, cork grease, luggage tag for instrument case.

Please address any concerns acquiring the necessary supplies to Luis Corpus at luis.corpus@austinisd.org or Chris Murphy at christopher.d.murphy@austinisd.org

Students will **not** be denied participation in the band program due to financial difficulties. Every student has the privilege to fully participate in our program, regardless of financial situations.

INSURANCE: Because instruments are costly to replace, we recommend purchasing insurance to all our students and parents. We strongly encourage insurance for school-owned instruments. Here's a suggestion:
