## School Provided

Because French Horns are rather expensive, the school will provide you with an instrument. Parents of French Horn players are strongly encouraged to obtain private lessons for their children. Please email us for more information!

Please be sure to complete the AISD instrument check out form and return it to the Lamar Band when you receive it at the beginning of the year. In addition, it is highly recommended that you obtain insurance to cover the school-owned instrument (see reverse).

Please address any concerns acquiring the necessary supplies to Luis Corpus at [luis.corpus@austinisd.org](mailto:luis.corpus@austinisd.org) or Chris Murphy at [christopher.d.murphy@austinisd.org](mailto:christopher.d.murphy@austinisd.org)

**INSURANCE:** Because instruments are costly to replace, we recommend purchasing insurance to all our students and parents. We strongly encourage insurance for school-owned instruments. Here's a suggestion:

Students will **not** be denied participation in the band program due to financial difficulties. Every student has the privilege to fully participate in our program, regardless of financial situations.
