General Information

Because oboes are rather expensive, the school will provide you with an instrument. Parents of oboists are strongly encouraged to obtain private lessons for their children.

Please be sure to complete the AISD instrument check out form and return it to the Lamar Band. In addition, it is highly recommended that you obtain insurance to cover the school-owned instrument (see reverse).

Please address any concerns acquiring the necessary supplies to Luis Corpus at luis.corpus@austinisd.org or Chris Murphy at christopher.d.murphy@austinisd.org For more information please visit: www.scottieband.org

Students will **not** be denied participation in the band program due to financial difficulties. Every student has the privilege to fully participate in our program, regardless of financial situations.

INSURANCE: Because instruments are costly to replace, we recommend purchasing insurance to all our students and parents. We strongly encourage insurance for school-owned instruments. Here's a suggestion: <https://www.nationwide.com/musical-instrument-insurance.jsp>
